(ii) Give a brief explanation for the items not included in the taxable income.

Q. 6. Explain the correct tax treatment in each of the following situations:

(20)

1. Mr. Hamza made a total contribution of Rs. 150,000 as a donation to the approved institution mentioned in the 13th schedule. His total income from a business during the tax year 2023 is Rs. 1,800,000.

2. Nine years ago, Masood inherited a rare sculpture of Buddha which had a fair market value of Rs. 200,000 on the date of inheritance. In August 2022, the sculpture was sold by him at Rs. 500,000.

3. In June 2022, Imran entered into an agreement for the sale of the residential plot to Ibrahim, who paid an advance of Rs. 500,000. According to the agreement, Ibrahim was required to pay the balance by August 31, 2022. However, instead of paying the balance amount, he terminated the sale agreement. Imran forfeited the advance of Rs. 500,000 in accordance with the terms of the agreement.

4. In September 2022, Adnan sold his personal car, Toyota Corolla, to one of his cousins at the price of Rs. 500,000 whereas the fair market value of the car was Rs. 20,00,000. The car was purchased by him six years ago at of cost of Rs. 10,00,000.

5. Imran was working as a Chief Financial Officer in Dawood Pakistan (Pvt) Limited, which is a wholly owned subsidiary of Dawood AG, Germany. According to the Company's policy, Imran was sent on secondment to Germany on January 1, 2022, for a period of five years. During this period, half of his salary will be credited to his bank account in Pakistan, whereas the remaining portion will be received by him in Germany.

6. Maqsood provided consultancy services to a listed company. In consideration for his services, he received a net amount of Rs. 45,000 after a tax deduction of Rs. 5,000.

SECTION – III (BUSINESS STUDIES AND FINANCE)

Q. 7. Fitch Industries is in the process of choosing the better of two equal-risk, mutually exclusive (20) capital expenditure projects, M and N. The relevant cash flows for each project are shown in the following table. The firm's cost of capital is 9%.

	WWW.CLAMOO.COM WWW.FLAMOO.COM	Project M	Project N
www.co.antercom	Initial investment-Cash Outflow	-\$40,000	-\$40,000
NUMBER OF STREET	Year (t)	Cash inflows	Cash inflows

During the year 2022 the retained earnings increase 50% as a result of good business. No dividend was paid during the year. Balances of Accounts receivables, prepaid expenses, current liabilities and paid-up capital were the same as 31st December 2022 as they had been on 31st December 2021, Inventories were reduced as follows:

	101101101
Material	50%
Work in process	50%
Finished goods	33-1/3%

Fixed Assets were reduced by depreciation of Rs. 4,000 charged 3/4th to factory overhead and 1/4th to administrative expenses. Sales were made of Rs. 60,000 on account of finished goods costing Rs. 40,000. Direct labor cost was Rs. 9,000. Factory overhead was applied at the rate of 100% of direct labor cost, leaving Rs. 2,000 under applied which was closed to cost of goods sold account. Total marketing and administrative expenses amounting to 10% and 15% respectively of the gross sales.

Required:

(a) An Income statement for 2022, along with the details of Cost of goods manufactured (10) and sold (10) (20)

A balance Sheet as on 31st December 2022. **(b)**

Page 3 of 4

Q. 8. A chemical factory manufactures three kinds of chemicals namely Eucalyptus oil, Hexachlorobenzen and Toxaphene. In the last week of December 2022, the records were:

Labor Grade	No of Employees	Rate per hour (Rs.)	Hours Worked by each employee
Ι	12	40	40
II	36	32	42
III	8	28	40
IV	2	16	44

Output and standard times during the same week were as follows:

Components	Output (In Units)	Standard Minutes for each unit
Eucalyptus oil	888	30
Hexachlorobenzen	1800	54
Toxaphene	960	66

Normal working hours per week are 38. Overtime is paid at the premium of 50 % of the normal hour rate.

Group Incentive Scheme:

A group incentive scheme is in operation. The time saved is expressed as a percentage of hours worked and is shared between the group as a proportion of the hours worked by each grade. The incentive rate is 75% of the normal hour rate.

Required: Prepare the payroll for the last week of December 2022 showing the basic pay, overtime (20) and incentive amount as separate totals for each grade of labor.

Page 4 of 4	and incentiv	e amount as separa	te totals for each gra	ade of labor.

(D) In the balance sheet, the Additional Paid-in Capital account will have a Rs.160,000 balance, regardless of the profits earned or losses incurred since the corporation was organized.

12.	In financial statement analysis, the most difficult of the following items to predict is whether:(A) The company will be liquid in six months.
	(B) The company's market share is increasing or declining.
	(C) The market price of capital stock will rise or fall over the next two months.(D) None of these.
13.	During the current year, two transactions were recorded in the Land account of Duke Industries. One involved a debit of Rs.320,000 to the Land account; the second was a Rs.210,000 credit to the Land account. Duke's income statement for the year reported a loss on sale of land in the amount of Rs.25,000. All transactions involving the Land account were cash transactions. These transactions would be shown in the statement of cash flows as: (A) Rs.210,000 cash provided by investing activities, and Rs.320,000 cash disbursed for investing
	activities.(B) Rs.185,000 cash provided by investing activities, and Rs.320,000 cash disbursed for investing
	activities.
	 (C) Rs.235,000 cash provided by investing activities, and Rs.320,000 cash disbursed for investing activities. (D) None of these.
14.	Multiple costing is a technique of using two or more costing methods for ascertainment of cost by:
	(A) The same firm (B) Several firms (C) The same industry (D) The several industries
15.	Which of the following are true regarding activity-based costing?
	 (A) A primary goal of using ABC is a more useful allocation of manufacturing overhead to product lines. (B) Under ABC, direct labor hours are never used to allocate overhead costs to activity pools or product lines.
	 (C) The use of ABC is justified when each of a firm's product lines consumes approximately the same amount of overhead resources but the current allocation scheme assigns each line a substantially different amount. (D) None of these
16.	If Power Products uses process costing, which of the following are likely to be true?
10.	(A) The products are created to customer specifications.
	(B) The products use different amounts of direct labor.
	(C) The products are created with repetitive processes. (D) None of these
17.	An unfavorable overhead volume variance indicates that:
	(A) Total fixed overhead has exceeded the standard amount budgeted.
	(B) Variable overhead per unit has exceeded the standard amount budgeted.
	(C) Actual production output was less than the normal volume of output.
	(d) Actual production output was more than the normal volume of output.
18.	The Work in Process Inventory account had a beginning balance of Rs.4,200 on February 1. During
	February, the cost of direct materials used was Rs.29,000, and direct labor costs assigned to production totaled Rs.3,000. Manufacturing overhead was assigned to production amounted to Rs.3,600. If the cost of finished goods manufactured was Rs.37,700, the balance of the Work in Process Inventory account at the end of February would be equal to:(A)Rs. 9,900(B)Rs. 2,100(C)Rs. 1,500(D)Rs. 5,700
19.	During the current year, the net sales of Ridgeway, Inc., were 10 percent below than last year's level. You should expect Ridgeway's semivariable costs to:
(A)	Decrease in total, but increase as a percentage of net sales.
(B)	Increase in total and increase as a percentage of net sales.
(C)	Decrease in total and decrease as a percentage of net sales.
(D)	Increase in total, but decrease as a percentage of net sales.
20.	Premo Pens, Inc., is in the process of developing a new pen to replace its existing top-of-the-line Executive Model. Market research has identified the critical features the pen must have, and it is estimated that customers would be willing to pay Rs.30 for a pen with these features. Premo's production manager estimates that with existing equipment it will cost Rs.26 to produce the proposed model. The current Executive Model sells for Rs.24 and has a total production cost of Rs.20. A competitor sells a pen similar to the proposed model, but without Premo's patented easy retract feature, for Rs.28. It is estimated to cost the competitor Rs.25 to produce. If Premo seeks to earn a 22 percent return on sales on the new model, which of the following represents the target cost for the new pen?
	(A) Rs. 26.00 (B) Rs. 19.80 (C) Rs. 24.00 (D) Rs. 23.40

(vi) Extra attempt of any question or any part of the question will not be considered.

(vii) Use of Calculator is allowed.

SECTION-I

Q. 2. Satellite World was founded in 2021 to apply a new technology for efficiently transmitting closedcircuit (cable) television signals without the need for an in-ground cable. The company earned a profit of Rs.115,000 in 2021, its first year of operations, even though it was serving only a small test market. In 2022, the company began dramatically expanding its customer base. Management expects both sales and net income to more than triple in each of the next five years. Comparative balance sheets at the end of 2021 and 2022, the company's first two years of operations, are as follow: Additional Information:

The following information regarding the company's operations in 2022 is available in either the company's income statement or its accounting records.

- 1. Net income for the year was Rs.440,000. The company has never paid a dividend.
- 2. Depreciation for the year amounted to Rs.147,000.
- 3. During the year the company purchased plant assets costing Rs.2,200,000, for which it paid Rs.1,850,000 in cash and financed Rs.350,000 by issuing a long-term note payable. (Much of the cash used in these purchases was provided by short-term borrowing, described as follows.)
 - In 2022, Satellite World borrowed Rs.1,450,000 against a Rs.5.5 million line of credit with a local bank. In its balance sheet, the resulting obligations are reported as notes payable (short-term).
 - Additional shares of capital stock (no par value) were issued to investors for Rs.500,000 cash.

The detail of other assets on 1st January 2022 were:

Furniture Rs.2,000, Land Rs.50,000, Building Rs.1,50,000, Instruments Rs.3,500. The Govt. Securities of the face value of Rs.2,00,000 (cost Rs.1,80,000) represents investments of the 2021 Endowment Fund. The subscriptions received include Rs.10,000 for the year 2021 but Rs.7.000 is outstanding for 2022. Salaries paid include Rs.1,000 for 2021 but Rs.1,500 is payable for 2022. Interest received includes Rs.2,000 for 2021 but Rs.2,300 is outstanding for 2022.

Instructions:

Prepare the Income and Expenditure Account for the year and the Balance sheet as on 31" December 2022.

SECTION II

Q.6. Boothe Company uses job order cost accumulation and applies overhead based on direct labor hours. Any underapplied or overapplied overhead is adjusted directly to Cost of Goods Sold at the end of each month. On April 1, job cost sheets indicated the following.

IN WWW.CLIDOOD	Job 201	Job 202	Job 203	Job 204
Direct	Rs.3,590	Rs.2,000	Rs.1,480	Rs.2,000
Materials	COND. IN N. H. J.C. LA DO	DOLCOD WWW.J.	La musi com	W, CLIMBIG COM
Direct Labor	2,700	1,500	1,000	1,200
Applied	2,160	1,200	800	960
Overhead	COND. HE WAY, C 1.4 HD	oo.com www.rt	La more com	w.ciamoo.com
Total Cost	Rs.8,450	Rs.4,700	Rs.3,280	Rs.4,160
Job Status	Finished	In process	In process	In process

On April 30, Finished Goods contained only Jobs 204 and 207, which had the following total costs.

	Job 204	Job 207
Direct Materials	Rs.2,970	Rs.2,450
Direct Labor	2,200	1,900
Applied Overhead	1,760	1,520
Total Cost	Rs.6,930	Rs.5,870

Besides working on Jobs 204 and 207 in April, the company continued work on Jobs 202 and 203 and started work on Jobs 205 and 206. A summary of direct materials used and direct labor hours worked on Jobs 202, 203, 205, and 206 during April showed the following.

www.calmin	Job 202	Job 203	Job 205	Job 206
Direct	Rs.1,250	Rs.555	Rs.2,500	Rs.1,980
Materials	com www.com		Exception on the second	w. cantoo.com
Direct Labor	100	75	105	50

Page 5 of 7

(20)

Other information:

- (1) On April 30, the only jobs still in process were 203 and 206.
- (2) All workers are paid Rs.20 per hour. Wage rates have been stable throughout the year.
- (3) The company maintains only one raw materials account (Materials Control) from which it issues both direct and indirect materials. The balance in this account was Rs.2,700 on April 1.
 (4) All sales are billed on account at 150% of total cost.

(4)	All sales are blied on account at 150%	o of total cost.	
(5)	Other items in April:		
	Depreciation, Factory Equipment	Rs.1,375	
	Raw Materials Purchased	11,550	
	Indirect Labor	2,500	
	Factory Rent and Utilities	2,700	
	Indirect Materials Used	2,790	

Instructions:

- (a) Determine the April 30 balances for Materials Control and for Work in Process.
- (b) Prepare all journal entries required for Job 202 in April.
- (c) Calculate the cost of goods manufactured in April. (A complete statement of cost of goods manufactured is not required.)
- (d) Calculate the overapplied or underapplied overhead for April.
- Q.7 Standard Cabinet Company manufactures a single model of a commercial prefabricated wooden cabinet. The company uses a process cost system with an average cost flow assumption. It maintains a separate work in process account for each of its two producing departments, Cutting and Assembly. The basic cabinet components are cut out of wood in the Cutting Department and then transferred to the Assembly Department, where they are put together with the addition of hinges and handles purchased from outside vendors. Data related to manufacturing operations in August are provided below.

Q.2. Campus Theater adjusts its accounts every month. The company's unadjusted trial balance dated August 31, current year, appears as follows. Additional information is provided for use in preparing the company's adjusting entries for the month of August. (Bear in mind that adjusting entries have already been made for the first seven months of current year, but not for August.)

	CAMPLIC THEATED	
	CAMPUS THEATER	
	Unadjusted Trial Balance	
	August 31, Current Year	
Cash\$ 24,0	000	
Prepaid film rental		
Land		
Building201,6	600	
Accumulated depreciation: Building		
Fixtures and equipment 43		
Accumulated depreciation: fixtures		
and equipment		
Notes payable		
Accounts payable	5,280	
Unearned admissions revenue (YMCA)		
Income taxes payable	5 688	
Capital stock		
Retained earnings	55,932	
Dividends 18	3,000	
Admissions revenue		
Concessions revenue		
Salaries expense 8	32,200	
Film rental expense 11		
Utilities expense 1	1,400	
Depreciation expense: building	5,880	
Depreciation expense: fixtures		
and equipment	5,040	
Interest expense 1	12,600	
Income taxes expense		
	\$746,760 \$746,760	

Other Data

- 1. Film rental expense for the month is \$18,240. However, the film rental expense for several months has been paid in advance.
- 2. The building is being depreciated over a period of 20 years (240 months).
- 3. The fixtures and equipment are being depreciated over a period of five years (60 months).
- 4. On the first of each month, the theater pays the interest that accrued in the prior month on its note payable. At August 31, accrued interest payable on this note amounts to \$1,800.
- 5. The theater allows the local YMCA to bring children attending summer camp to the movies on any weekday afternoon for a fixed fee of \$600 per month. On June 28, the YMCA made a \$1,800 advance payment covering the months of July, August, and September.
- payment covering the months of July, August, and September.
 6. The theater receives a percentage of the revenue earned by Tastie Corporation, the concessionaire operating the snack bar. For snack bar sales in August, Tastie owes Campus Theater \$2,700, payable on September 10. No entry has yet been made to record this revenue.

- 7. Salaries earned by employees, but not recorded or paid as of August 31, amount to \$2,040. No entry has yet been made to record this liability and expense.
- 8. Income taxes expense for August is estimated at \$5,040. This amount will be paid in the September 15 installment payment.
- 9. Utilities expense is recorded as monthly bills are received. No adjusting entries for utilities expense are made at month-end.

Required:

- (a) For each of the numbered paragraphs, prepare the necessary adjusting entry (including an (08) explanation).
- (b) Refer to the balances shown in the unadjusted trial balance at August 31. How many months (09) of expense are included in each of the following account balances? (Remember, Campus Theater adjusts its accounts monthly. Thus, the accounts shown were last adjusted on July 31, current year.)
- 1. Utilities Expense
- 2. Depreciation Expense
- 3. Accumulated Depreciation: Building
- (c) Assume the theater has been operating profitably all year. Although the August 31 trial balance (03) (20) shows substantial income taxes expense, income taxes payable is a much smaller amount. This relationship is quite normal throughout much of the year. Explain.
- Q.3. During the current year, Hitchcock Developers disposed of plant assets in the following transactions.
 - Feb. 10. Office equipment costing \$24,000 was given to a scrap dealer at no charge. At the date of disposal, accumulated depreciation on the office equipment amounted to \$21,800.
 - Apr. 1. Hitchcock sold land and a building to Claypool Associates for \$900,000, receiving \$100,000 cash and a 5-year, 9 percent note receivable for the remaining balance. Hitchcock's records showed the following amounts:
 - Land, \$50,000; Building, \$550,000; Accumulated Depreciation: Building (at the date of disposal), \$250,000.
 - Aug. 15. Hitchcock traded in an old truck for a new one. The old truck had cost \$26,000, and its accumulated depreciation amounted to \$18,000. The list price of the new truck was \$39,000, but Hitchcock received a \$10,000 trade-in allowance for the old truck and paid \$28,000 in cash. Hitchcock includes trucks in its Vehicles account.
 - Oct. 1. Hitchcock traded in its old computer system as part of the purchase of a new system. The old system had cost \$15,000, and its accumulated depreciation amounted to \$11,000. The new computer's list price was \$8,000. Hitchcock accepted a trade-in allowance of \$500 for the old computer system, paying \$1,500 down in cash and issuing a 1-year, 8 percent note payable for the \$6,000 balance owed.

Required:

- (a) Prepare journal entries to record each of the disposal transactions. Assume that depreciation (16) expense on each asset has been recorded up to the date of disposal. Thus, you need not update the accumulated depreciation figures stated in the problem.
- (b) Will the gains and losses recorded in part affect the gross profit reported in Hitchcock's income (04) (20) statement? Explain.
- **Q. 4.** S, T and Q were partners sharing profits in the proportion of 3:2:1. Their capitals on 31st December 2021, stood at \$45,000, \$15,000 and \$15,500 respectively after adjustments of net profit of \$18,000 for the year ending that date and drawings of \$6,000, \$4,000 and \$2,000 respectively. It was discovered that while ascertaining the profits, the accountant did not take into consideration the following matters:
 - 1. Interest @ 6% p.a. on capital as on January 1, 2021.
 - 2. Q was entitled to a salary of \$2,000 p.a. of which \$490 was unpaid.
 - 3. Till December 31, 2020, partners were sharing profits equally. Land costing \$12,000 was purchased on the date of reallocation of profit, but no entry has been passed in that respect for which each partner contributed equal capital.
 - 4. A loan of \$5,000 from T as brought-forward from 2020 carrying interest at 8% p.a. was merged
 - into his capital on July 1, 2021. No interest on loan was, however, charged to Profit and Loss Account.

Required:

Work out a Profit and Loss Adjustment Account and show the Journal Entries necessary for (20) readjustments of Capital Accounts and the revised Capital Accounts of partners, assuming that all their dues are to be adjusted in the Capital Accounts.

SECTION – II

- **Q. 5.** Listed below are five items that may—or may not—require disclosure in the notes that accompany financial statements.
 - (a) Mandella Construction Co. uses the percentage-of-completion method to recognize revenue on longterm construction contracts. This is one of two acceptable methods of accounting for such projects. Over the life of the project, both methods produce the same overall results, but the annual results may differ substantially.

(b). One of the most popular artists at Spectacular Comics is leaving the company and going to work for a competitor.

(c). Shortly after the balance sheet date, but before the financial statements are issued, one of Coast Foods's two processing plants was damaged by a tornado. The plant will be out of service for at least three months.

(d). The management of Soft Systems believes that the company has developed systems software that will make Windows ® virtually obsolete. If they are correct, the company's profits could increase by 10fold or more.

(e). College Property Management (CPM) withheld a \$500 security deposit from students who, in violation of their lease, kept a dog in their apartment. The students have sued CPM for this amount in small claims court.

(20)

Required:

For each case, explain what, if any, disclosure is required under generally accepted accounting principles. Explain your reasoning.

Juarez Inc. had the following inventories on March 1: Q. 6. Finished Goods \$15,000 Work in Process 19,070 Materials 17,000 The work in process account controls three jobs:

	Job 621 Job	<u>622 Job 623</u>	
Materials	\$2,800	\$3,400	\$1,800
Labour	2,100	2,700	1,350
Applied Factory-			
Overhead	1,680	<u>2,160</u>	1,080
Total	\$6,580	\$8,260	\$4,230

The following information pertains to March operations:

- (1)Materials purchased and received cost \$19,000 at terms n/30.
- (2)Materials requisitioned for production cost \$21,000. Of this amount, \$2,400 was for indirect
- materials; the difference was distributed: \$5,300 to Job 621; \$7,400 to Job 622; and \$5,900 to Job 623 (3) Materials returned to the storeroom from the factory totaled \$600, of which \$200 was for indirect
- materials, the balance from Job 622. (4) Materials returned to vendors totaled \$800.
- (5) Payroll of \$38,000 was accrued in March.
- (6) Of the payroll, direct labor represented 55%; indirect labor, 20%; sales salaries, 15%; and administrative salaries, 10%. The direct labor cost was distributed: \$6,420 to Job 621; \$8,160 to Job 622; and \$6,320 to Job 623.
- (7) Factory overhead, other than any previously mentioned, amounted to \$9,404.50. Included in this figure were \$2,000 for depreciation of factory building and equipment and \$250 for expired insurance on the factory. The remaining overhead, \$7,154.50, was unpaid at the end of March.
- (8)Factory overhead was applied to production at a rate of 80% of the direct labor cost to be charged to the three jobs, based on the labor cost for March.
- (9) Jobs 621 and 622 were completed and transferred to the finished goods warehouse,
- (10) Both Jobs 621 and 622 were shipped and billed at a gross profit of 40% of the cost of goods sold.
- (11) Cash collections from accounts receivable during March were \$69,450.

Required:

- (a) Prepare job order cost sheets to post beginning inventory data. (5) (b) Journalize the March transactions with current postings to general ledger inventory accounts and (10)to job order cost sheets. (5) (20)
- (c) Prepare a schedule of inventories on March 31.

Q. 7. Wheeler Company, a small supplier of computer parts, is currently producing a new computer sensory unit. The company has been producing 150 units per week and factory overhead (all fixed) was estimated to be \$1,200 per week. The following is a schedule of the pay rates of three workers assigned to the new

Hourly rate			
\$6.00			
8.00			
7.00			
	\$6.00 8.00	\$6.00 8.00	\$6.00 8.00

Customers have been calling in for additional units, but management does not want work to exceed 40 hours per week. To motivate its employees to produce more, the company decided to institute an incentive wage plan. Under the plan, each worker would be paid a base rate per hour, as shown in the following schedule, and a premium of \$1 per unit for all units when the total number exceeds 150.

Employee	Base rate		
Clancy, D	\$3.50		
Lukan, T	5.50		
Schott, J	4.50 To join the career community g	o to www.examoo.co	$\frac{\text{Page 3 of 4}}{\text{Page 3 of 4}}$

The first week the plan was put into operation, production increased to 165 units. The shop superintendent studied the results and considered the plan too costly. Production had increased 10%, but the labour cost had increased by approximately 23.2%. The superintendent requested permission to redesign the plan to make the labour cost increase proportionate to the productivity increase. **Required:**

- (a) Calculate the dollar amount of the 23.2% labour cost increase. (10)
- (b) Give an opinion, supported by figures, as to whether the shop superintendent was correct in (10) (20) assuming that the incentive wage plan was too costly, and discuss other factors to be considered.
- **Q. 8.** WKZ Inc., with \$20,000,000 of par stock outstanding, plans to budget earnings of 6% before income tax, on this stock. The Marketing Department budgets sales at \$12,000,000. The budget director approves the sales budget and expenses as follows:

 15% of sales
 5%
1%

Labor is expected to be 50% of the total manufacturing cost; materials issued for the budgeted production will cost \$2,500,000; therefore, any savings in manufacturing cost will have to be in factory overhead. Inventories are to be as follows:

	Beginning of Yea	ar End of Year	
Finished goods	\$800,000	\$1,000,000	
Work in Process	100,000	300,000	
Materials	500,000	600,000	

Required:

Prepare the budgeted cost of goods manufactured and sold statement, showing the budgeted purchases of (20) materials and the adjustments for inventories of materials, work in process, and finished goods.

Q. 8. (A) Umar Company produces baseball bats and cricket paddles. It has two departments that process (10) all products. During July, the beginning work in process in the cutting department was half completed as to conversion, and complete as to direct materials. The beginning inventory included Rs.40,000 for materials and Rs.60,000 for conversion costs. Ending work-in-process inventory in the cutting department was 40% complete. Direct materials are added at the beginning of the process.

Beginning work in process in the finishing department was 80% complete as to conversion. Direct materials for finishing the units are added near the end of the process. Beginning inventories included Rs.24,000 for transferred-in costs and Rs.28,000 for conversion costs. Ending inventory was 30% complete. Additional information about the two departments follows:

	Cutting	Finishing	
Beginning work-in-process units	20,000	24,000	
Units started this period	60,000		
Units transferred this period	64,000	68,000	
Ending work-in-process units		20,000	
Material costs added	Rs. 48,000	Rs. 34,000	
Conversion costs	28,000	68,500	
Transferred-out cost	128,000		

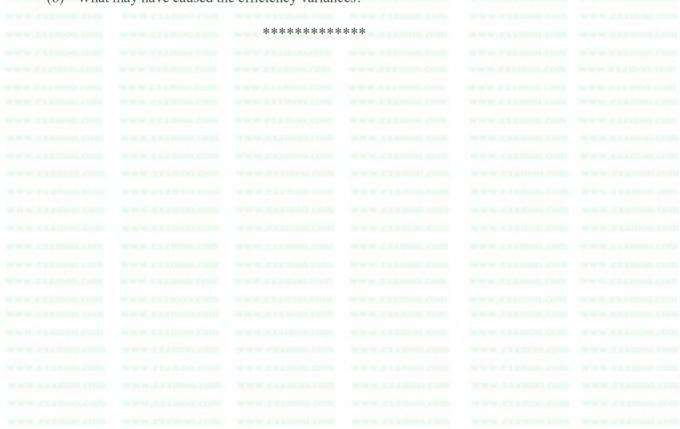

Required:

Prepare a production cost worksheet, using FIFO for the finishing department.

- (B) During February the Luqman Manufacturing Company's costing system reported several (10) (20) variances that the production manager was surprised to see. Most of the company's monthly variances are under Rs.225, even though they may be either favorable or unfavorable. The following information is for the manufacturing of garden gates, its only product:
 - 1. Direct materials price variance, Rs.900 unfavorable.
 - 2. Direct materials efficiency variance, Rs.1,900 favorable.
 - 3. Direct manufacturing labor price variance, Rs.4,100 favorable.
 - 4. Direct manufacturing labor efficiency variance, Rs.700 unfavorable.

Required:

- (a) Provide the manager with some ideas as to what may have caused the price variances.
- (b) What may have caused the efficiency variances?

FEDERAL PUBLIC SERVICE COMMISSION COMPETITIVE EXAMINATION-2019 FOR RECRUITMENT TO POSTS IN BS-17 UNDER THE FEDERAL GOVERNMENT

ACCOUNTANCY & AUDITING, PAPER-II

NOTE: (i) **Part-II** is to be attempted on the separate **Answer Book**.

- (ii) Attempt ONLY FOUR questions from PART-II by selecting at least ONE question from EACH SECTION. ALL questions carry EQUAL marks.
- (iii) All the parts (if any) of each Question must be attempted at one place instead of at different places.
- (iv) Write Q. No. in the Answer Book in accordance with Q. No. in the Q.Paper.
- (v) No Page/Space be left blank between the answers. All the blank pages of Answer Book must be crossed.
- (vi) Extra attempt of any question or any part of the question will not be considered.
- (vii) Use of Calculator is allowed.

<u>PART – II</u> SECTION – I (AUDITING)

- Q. 2. Explain shortly all audit assertions related to class of transactions (revenue and expenses), (20) account balances (assets/liabilities/equities), and presentation & disclosure.
- **Q.3.** Define and explain different types of audit risks. How these risks are used to manage the (20) audit assignment.
- Q. 4. What are Computer Assisted Audit Techniques (CAATs) that can be used in e-commerce (20) environment.

SECTION – II (BUSINESS TAXATION)

- Q.5. (a) Explain the concept of input tax, output tax, zero rated supply, exempt supply and (10) input tax credit.
 - (b) From the following data, calculate the tax payable by Mr. Aslam for the year ended (10) (20) 30^{th} June 2018:
 - (i) Salary Rs. 19,500 pm.
 - (ii) Special pay Rs. 3,000 p.m
 - (iii) Bonus for the year Rs. 38,000.
 - (iv) Conveyance allowance Rs. 1,500 p.m
 - (v) Free accommodation provided by the employer. He was entitled to a house allowance of Rs. 72,000.
 - (vi) Medical expenses reimbursed by his employer under the contract of employment Rs. 24,000.
 - (vii) Zakat paid under Zakat Ordinance during the year Rs. 11,300.
 - (viii) Donation to approved charitable institutions under section 61 Rs. 15,000.
 - (ix) Legal expenses during the year Rs. 6,000.
 - (x) Amount paid for approved pension scheme during the year Rs. 90,000.
 - (xi) Shares of listed companies purchased Rs. 6,000.
- Q. 6. (a) What deductions are not allowed to be deducted before arriving at the taxable (10) profits of a business?

(b)		ohammad Adil received the following emoluments d une 2018.	uring the year ended	1 (10) ((20)
	(i)	Basic Salary (Scale 55,000-5,000-70,000)	Rs.60,000 P.M.		
	(ii)	House rent allowance	25,000 P.M		
	(iii)	Utilities allowance	14,250 P.M		
	(iv)	Medical allowance	10,000 P.M.		
	(v)	Agricultural income	130,000 P.M.		
	(vi)	Payment of Loan installment on 30.06.2018	1,00,000		
	He cla	ims the following deductions:			
	(i)	Zakat paid	67,428		
	(ii)	Investment in shares	2,25,000		
	Notes				
	(i)	Mr. Mohammad Adil received an interest free loan	of Rs. 12,00,000		
		from his employer on 01.07.2017.			
	(ii)	His employer has provided him a new car to be used	l for personal and		
		official purposes. The car costs the employer Rs. 15	,00,000.		
	Requi	red. Calculate the tax payable by Mr. Mohammad A	dil.		
	Index Current	www.ctamoo.com www.ctamoo.com www.ctamoo.com			

SECTION – III (BUSINESS STUDIES AND FINANCE)

- **Q.7.** (a) Explain Yield To Maturity (YTM), its calculation, and the procedure used to value (8) bonds that pay interest semiannually.
 - (b) Joan Messineo borrowed \$15,000 at a 14% annual rate of interest to be repaid over 3 (12) (20)
 - years. The loan is amortized into three equal, annual, end-of-year payments.
 - (i) Calculate the annual, end-of-year loan payment.
 - (ii) Prepare a loan amortization schedule showing the interest and principal breakdown of each of the three loan payments.
 - (iii) Explain why the interest portion of each payment declines with the passage of time.
- **Q. 8.** (a) Explain the relationships among financial decisions, return, risk and the firm's value. (10)
 - (b) Nicholson Roofing Materials, Inc., is considering two mutually exclusive projects, (10) (20) each with an initial investment of \$150,000.

The company's board of directors has set a maximum 4-year payback requirement and has set its cost of capital at 9%. The cash inflows associated with the two projects are shown in the following table:

Year	Project A	Project B
1	\$45,000	\$75,000
2	45,000	60,000
3	45,000	30,000
4	45,000	30,000
5	45,000	30,000
6	45,000	30,000

(i) Calculate the payback period for each project.
(ii) Calculate the NPV of each project at 10%
(iii) Calculate the NPV of each project at 9%.
(iv) Derive the IRR of each project.
(v) Rank the projects by each of the techniques used. Make and justify a recommendation.

		Beauty Salon and adjusted trial balance for	Bella's Beauty Sa	lon.		

Q. 3.	(A)	A corporation had stockholders' equity on January 1 as follows:	(20)
-		Common Stock, \$10 par value, 1,500,000 shares authorized, 600,000 shares issued;	
		Paid-in Capital in Excess of Par Value, Common Stock, \$1,000,000;	
		Retained Earnings, \$2,500,000.	
		Required: Prepare journal entries to record the following transactions:	
		Feb. 15 The board of directors declared a 10% stock dividend to stock holders of record on	
		March 1, to be issued on April 15. The stock was trading at \$8 per share prior to the dividend.	
		March 30 Sold 100,000 shares of common stock for \$11 per share.	
		March 31 Issued the stock dividend.	
	(B)	Company installs a computerized manufacturing machine in its factory at the beginning of	
		the year at a cost of \$42,300. The machine's useful life is estimated at 10 years, or 363,000	
		units of product, with a \$6,000 salvage value. During its second year, the machine produces	
		35,000 units of product.	
		Required: Determine the machine's second-year depreciation under the straight-line	
		method.	
Q. 4.	The fe	ollowing financial data were taken from the annual financial statements of Smith Corporation:	(20)

00.000	Details	2007	2008	2009
	Current assets	\$ 450,000	\$ 400,000	\$ 500,000
0.000	Current liabilities	390,000	300,000	340,000
10,000	Sales	1,450,000	1,500,000	1,400,000
HICON	Cost of goods sold	1,180,000	1,020,000	1,120,000
on con	Inventory	280,000	200,000	250,000
00.000	Accounts receivable	120,000	110,000	105,000

Required: (A). Based on these data, calculate the following for 2008 and 2009:

- 1. Working capital 2. Current ratio
 - 3. Acid-test ratio
- 4. Accounts receivable turnover

5. Merchandise inventory turnover 6. Inventory turnover in days

(B). Evaluate the results of your computations in regard to the short-term liquidity of the firm.

SECTION-II

Q.5. The marketing department of Graber Corporation has submitted the following sales forecast for the upcoming fiscal year. (20)

	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
Budgeted unit sales .	16,000	15,000	14,000	15,000
The selling price of th	e company's pr	oduct is \$22.00 j	per unit. Manage	ment expects to collect 75% of sales in
the quarter in which t	he sales are ma	de, 20% in the	following quarter	er, and 5% of sales are expected to be
uncollectible. The beg	inning balance of	of accounts received	vable, all of which	ch is expected to be collected in the first
quarter, is \$66,000. Th	e company expe	ects to start the fi	rst quarter with 3	,200 units in finished goods inventory.
Management desires a	in ending finish	ed goods invent	ory in each quan	rter equal to 20% of the next quarter's
budgeted sales. The de	sired ending fin	ished goods inve	ntory for the four	rth quarter is 3,400 units.
Required: 1. P	repare the comp	any's sales budg	et and schedule of	of expected cash collections.
2.	Prepare the co	mpany's product	tion budget for th	e upcoming fiscal year.

Q. 6. Valenko Company provided the following account balances for the year ended December 31 (20) (all raw materials are used in production as direct materials):

Selling expenses	\$215,000	
Purchases of raw materials		
Direct labor	?	
Administrative expenses		
Manufacturing overhead applied to work in pro		
Total actual manufacturing overhead costs		
Inventory balances at the beginning and end of	the year were as follows:	
Beginning of Year	End of Year	
Raw materials \$50,000	\$40,000	
Work in process ?	\$33,000	
Finished goods \$30,000	2	

The total manufacturing costs for the year were \$675,000; the cost of goods available for sale total \$720,000; the unadjusted cost of goods sold total \$665,000; and the net operating income was \$35,000. The company's over-applied or under-applied overhead is closed entirely to cost of goods sold.

Required: Prepare schedules of cost of goods manufactured and cost of goods sold and an income statement. (Hint: Prepare the income statement and schedule of cost of goods sold first followed by the schedule of cost

of goods manufactured.)

Q. 7.	Linden Company manufactures and sells	s a single product. Cost data	for the product as follows: (2	20)
	Variable costs per unit:	¢ -		
	Direct materials	\$ 6		
	Direct labor	12		
	Variable factory overhead	4		
	Variable selling and administrative	3		
	Total variable costs per unit	\$25		
	Fixed costs per month:			
	Fixed manufacturing overhead	\$240,000		
	Fixed selling and administrative	180,000		
	Total fixed cost per month	\$420,000		
	The product sells for \$40 per unit. Pro-		lay and June the first two	
		duction and sales data for iv	ay and June, the first two	
	months of operations, are as follows:	I La ita		
	Units	Units		
	Produce			
	May 30,000	26,000		
	June 30,000	34,000		
	Income statements prepared by the a	ccounting department, usin	g absorption costing, are	
	presented below:			
	F	May	June	
	Sales	\$1,040,000	\$1,360,000	
	Cost of goods sold	780,000	1,020,000	
	Gross margin	260,000	340,000	
	Selling and administrative expenses	258,000	282,000	
	Net operating income	\$ 2,000	\$ 58,000	
	Required:			
	1. Determine the unit product cost under	Chool Cods www.ctannoo.com		
	a. Absorption costing.			
	b. Variable costing.			
	2. Prepare contribution format variable of	costing income statements for	May and June	
	-	-	-	
	3. Reconcile the variable costing and ab	sorption costing net operating	g meomes.

SECTION-A

Q.2. Global Service Company was organized on April 1, 2015. The company prepares quarterly financial statements. The adjusted trial balance at June 30, 2015 is given below.

www.co.autom.com	Debits		Credits
Cash	5,190	Accumulated depreciation	700
Accounts receivable	480	Notes payable	4,000
Prepaid rent	720	Accounts payable	790
Supplies	920	Salaries and wages payable	300
Equipment	12,000	Interest payable	10
Dividends	500	Unearned rent revenue	400
Salaries and wages expense	7,400	Share capital-ordinary	11,200
Rent expense	1,200	Service revenue	11,360
Depreciation expense	700	Rent revenue	900
Supplies expense	160		
Utilities expense	350	a sea of a monetoring of	a service a subject
Interest expense	40	erweiszählen.cpdi w	A MACTERIA
Total Debits	29,660	www.csambo.com	29,660

(a). Prepare an income statement for the Quarter April 1 to June 30.

(b). Prepare statement of Retained Earnings.

(c). Prepare a Balance Sheet with proper headings.

Q. 3 (a). Pool and Burns, who share profits and losses equally, decide to dissolve their partnership at June 30, 2015. Their balance sheet on that date was as follows:

	(Rs.)	(Rs.)
Buildings		80,000
Tools and fixtures		2,900
		82,900
Debtors	8,400	
Cash	600	
	9,000	
Sundry creditors	<u>(4,100)</u>	
Net current assets		4,900
Total Assets		87,800
Capital account. Pool		52,680
Burns		35,120
		87,800

The debtors realized Rs. 8,200, the building Rs. 66,000 and tools and fixtures Rs. 1,800. The expenses of dissolution were Rs. 400 and discounts totaling Rs. 300 were received from creditors.

Required: Prepare the accounts necessary to show the results of the realization and of the disposal of the cash.

(b).

(b).

On January 1, 2015, Hydri Construction acquired a small excavator for Rs.85,000. This device had a 4-year service life. It is expected that the equipment will be sold for Rs.10,000 salvage value at the end of 4 years. The company uses the double-declining balance depreciation method.

 (a) Prepare a schedule showing annual depreciation expense, accumulated depreciation and related calculations for each subsequent year.

(b) Show how the asset and related accumulated depreciation would appear on a balance sheet at December 31, 2015.

(c) Prepare journal entries to record the asset's acquisition, annual depreciation for each year, and the asset's eventual sale for Rs.10,000.

SECTION-B

Q. 5 (a).	The records of the Electronic Equipment Company show the following information for
	the year ended 31 December 2015:

	(Rs.)
Material purchased	1,946,700
Inventories, January 1, 2015:	
1) Finished goods (100 calculator)	43,000
2) Material	268,000
Direct labour	2,125,800
Factory overhead	764,000
Marketing expense	516,000
General and administrative expenses	461,000
Sales (14,200 calculators)	6,634,000
Inventories, December 31, 2015:	
1. No unfinished work on hand.	
2. Finished goods (200 calculators) coste	d at Rs.395 each.
3. Material	167,000

Required:

An income statement for the period. The number of units manufactured. The unit cost of calculators manufactured. The gross profit per unit sold. The income per unit sold. The ratio of gross profit to sales. The income to sales percentage.

(b). The Homes Garments Company has decided to distribute the costs of service departments by the algebraic method. The producing departments are Cutting department and Sewing department. The service departments are Maintenance and cafeteria, and monthly data are:

Actual factory overhead

	Costs before distribution	Services prov	vided by
	(Rs.)	Maintenance	Cafeteria
Cutting department	126,000	40%	50%
Sewing department	87,000	50%	30%
Maintenance departme	ent 30,000	www.csamoo.com	20%
Cafeteria	26,400	10%	A REAL PROPERTY AND A REAL PROPERTY AND A

Required::

Total factory overhead of producing department Cutting after distribution of service department costs.

Q. 6 (a). Ten employees work as a group in Altech Manufacturing Company. When the group's weekly production exceeds the standard number of pieces per hour, each worker in the group is paid a bonus for the excess production in addition to wages at hourly rates. The amount of bonus is computed by first determining the percentage by which the group's production exceeds the standard; one-half of this percentage is then applied to a wage rate of \$9 to determine hourly bonus rate. The standard rate of production before a bonus can be earned is 200 pieces per hour for total hours worked.

Production	Production record for the week		
where on a lot of the lot of the	Hours worked	Production	
Monday	80	17,824	
Tuesday	74	16,206	
Wednesday	80	18,048	
Thursday	78	17,480	
Friday	72	16,733	

Required:

Calculate the group's bonus for each day and for the week 1)

2) The week's earnings of each employee. (10)

(10)

The Cambridge Company uses job order costing. At the beginning of December two jobs were in (b). process: Job 372 Job 369 Material Rs 20.000 Rs. 7,000 Direct labour 10.000 3.000 Applied factory overhead 15,000 4,500 There was no inventory of finished goods on December 1. During the month, Jobs 373, 374, 375, 376 378 and 379 were started. Material requisitions for December totaled Rs. 130,000, direct labour cost, Rs.100,000 and actual factory overhead, Rs. 160,000. Factory overhead is applied at a rate of 150% of direct labour cost. The only job still in process at the end of December is No. 379, with cost of Rs. 14,000 for material and total Rs. 9,000 for direct labour and applied overhead. Job No. 376, the only finished job on hand at the end of December, has a total cost of Rs. 20,000. **Required:** (1). T-accounts for Work in Process, Finished Goods, Cost of Goods sold, Factory overhead Control (4) and Applied Factory Overhead. (2). General journal entries to record: (a). Cost of goods manufactured (2) (b). Cost of goods sold (2) (c). Closing of over-or-under applied overhead to Cost of Goods Sold. (2)Q. 7 (a). The budgeted results of Best Gases Limited are as under: PV ratio % Product Sale value (Rs.) 50 Oxygen gas 1.250.000 Nitrogen gas 2.000.000 40 Acetylene gas 30 3,000,000 Fixed overheads for the period are Rs 2,511,000. The management is worried about the results. (10)Required: Prepare a statement showing amount of loss, if any being incurred at present and recommend a change in the sale value of each product as well as the total sale value maintaining the same sale-mix which will eliminate the said loss. Fedder manufacturing company provides the following information concerning its 2015 operations: (b). Number of units produced 45,000 Selling price per unit (Rs.) 30 Variable costs per unit (Rs.): Direct labour 6 Direct material 7 Manufacturing overhead 3 Selling and administrative Fixed costs(Rs.): Manufacturing overhead (Rs.) 180.000 Selling and administrative (Rs.) 116.000 Units sold 33,000 There was no beginning inventory for the firm. **Required:** Prepare an absorption costing income statement for Fedder manufacturing company. (10)Prepare a variable costing income statement for Fedder manufacturing company. Reconcile the difference in profits under the two income statements. Q. 8. Seven Seas Ltd. has developed a process for the manufacture of after-shave. Material is added at the beginning of the process and conversion costs are incurred uniformly. Detail for the month ended December 31,2015 are as follows: Work-in-process at 1st December, 2015: 4,000 Units 75 % complete. Work-in-process at 31st December, 2015: 15,000 Units 60% complete Units added in process during the month of December, 2015: 30,000 units. Materials Conversion cost Value of opening work-in-process (Rs.) 108.000 85,000 Cost added during December, 2015 300.000 475.000 Required: Using weighted average basis, prepare a cost of production report for the process for December, 2015. Showing: (a). A quantity schedule; (3) (b). Cost charged to process; (4) (c). Cost of equivalent units; (5) (d). Cost of finished goods; (4) (e). Value of closing work-in-process (4)

TIME ALLOWED: THREE HOURS (PART-I MCQs) 30 MINUTES (PART-II) 2 HOURS & 30 MINUTES MAXIMUM MARKS: 20 MAXIMUM MARKS: 80

NOTE: (i) Part-II is to be attempted on the separate Answer Book.

(ii) Attempt ONLY FOUR questions from PART-II, selecting TWO questions from EACH SECTION. ALL questions carry EQUAL marks.

- (iii) Candidate must write Q. No. in the Answer Book in accordance with Q. No. in the Q. Paper.
- (iv) No Page/Space be left blank between the answers. All the blank pages of Answer Book must be crossed.
- (v) Extra attempt of any question or any part of the attempted question will not be considered.
- (vi) Use of simple calculator is allowed.

<u>PART-II</u> SECTION-A

Q2: The following figures are taken from the books of Sun Company Limited as on December 31, 2013. **Debit balances** Rs. **Credit balances** Rs. Opening stock 50000 Purchases returns 1000 Purchases 160000 Sales 300000 Carriage 4000 Discount 1500 Furniture 15000 Profit and loss 35000 Salaries 45000 Share capital 500000 Rent 34800 Sundry creditors 20000 4500 General reserve 30000 **Dividend** paid Sundry debtors 60000 Salaries payable 2500 Machinery 300000 Provision for bad debts 9500 Premises 200000 Bad debts recovered 500 Cash at bank 9700 Bank loan 10% taken 1.1.2013 50000 Directors fee 9000 **Bills** receivable 21000 Trade expenses 9000 **Prepaid insurance** 1500 Bad debts 2000 Interest on bank loan 4500 Investments market price (Rs. 19000) 20000 950000 950000

Adjustments:

(1) The average stock at the year-end was worth Rs. 65000. (2) Create a provision for income tax Rs. 10000.
 (3) Increase provision for bad debts by Rs. 12000. (4) Depreciate machinery at 10%; furniture at 15%; and Premises at 5%.
 (5) There is pending law suit for Rs. 50000 against the company for infringement of trade marks. (6) The machinery account includes new machinery worth Rs. 25000 purchased on January 1, 2012. This machinery is still lying unpacked at the end of December 31, 2013.

Prepare trading and profit and loss account; profit and loss appropriation account for the year ended December 31, 2013 and balance sheet as at that date as per Companies Ordinance 1984.

Q3:

The following is the balance sheet of Shine Company as on December 31, 2013	
---	--

Liabilities	Rs.	Assets	Rs.
Equity share capital	120000) Fixed assets 360000	
Reserves and surplus	80000) Less depreciation 100000	260000
6% mortgage debentures	140000	Current assets:	
Current liabilities:	W W W. C 14 1000, COD	Cash	10000
Creditors	12000) Investment	30000
Bills payables	20000) Stock	60000
Outstanding expenses	2000) Sundry debtors	40000
Taxation provision	26000	••••••	
	40000) THE CLINES COM THE CLINES COM	400000

Other information: Net sales Rs.600000; cost of goods sold Rs.516000; net income before tax Rs.40000; net income after tax Rs.20000.

Required: Calculate current ratio; acid test ratio; debt equity ratio; gross profit ratio and operating ratio.

Q4: Prepare cash flow statement from the following balance sheets of X Ltd for the year ended December 31, 2013.

	2012	2013		2012	2013
Liabilities and capital	Rs.	Rs.	Assets	Rs.	Rs.
Share capital	40000	50000	Building	20000	16000

WWW.CLEMMON.COM	64600	73400	0.211100.0010	64600	73400

Adjustments: Depreciation charged on building Rs.10000 and on machinery Rs.6000

<u>SECTIONB</u>

Q5: A, B, and C were partners sharing profits and losses in the ratio of 2:2:1. C decided to retire on December 31, 2013. The following is the balance sheet of partnership firm

	Balance sheet		
	December 31, 2	2013	
Liabilities	Rs.	Assets	Rs.
Sundry Creditors	10000	Stock of goods	10000
Reserve account	2000	Sundry Debtors	10000
Capital account A	24000	Bills receivable	4000
Capital account B	16000	Bank A/c	10000
Capital account C	12000	Land and building	30000
	64000		64000

A and B decided to share profits and losses in the ratio of 3:2 in future. Goodwill is valued at Rs. 10000. Land and building was appreciated by Rs.6000 and stock by Rs.2000. There was bad debt loss of Rs.1000 but not recorded in books. A and B decided to bring sufficient cash to settle the account of C and to make their capital proportionate. They also decided to maintain Rs.15000 bank balances for meeting the day to day business expenses. Prepare necessary journal entries and prepare balance sheet of newly constituted firm.

- Q6: Fast Ltd purchased machinery on January 1, 2011 and its book value was Rs.40500 on January 1, 2013. The company had been writing off depreciation at 10% per annum on diminishing balance method. The company disposed-off machinery for Rs.8400 on July 1, 2013 and book value of such machinery was Rs.12150 on January 1, 2011. It was decided that during 2013 sufficient depreciation should be written off to make up depreciation at 10% on original cost basis. Books are closed on December 31 each year. Pass necessary journal entries and prepare machinery account
- **Q7:** Hassan started business on January 1, 2013 with a capital of Rs.90000. He kept cash book and a record of his receivable and payables in a diary. His cash book showed following transactions for the year.

		Rs.
Expenses paid		22000
Cash purchases		56000
Cashsales		42000
Payments to creditors		100000
Receipts from debtors		140000
Personal drawings		10000
Purchase of a motor cycle		60000

On December 31, 2013 the stock was valued at Rs.20000. The payables and receivables were Rs.120000 and Rs.110000 respectively. Provide depreciation motor cycle at the rate of 20%. Prepare trading and profit and loss account for the year ended December 31, 2013 and balance sheet as on date.

	Account (vertical format) of ABC Bank Limited for the year ended
December 31, 2013	

Mark-up earned		Rs. 35000
Mark-up expensed		37000
Income from dealing in foreign currency		4500
Commission, exchange and brokerage		1200
Administrative expenses		16000
Non-mark-upincome		19000
Other income		22000
Income tax provision		1500
Other provisions		200
Gain on sale of securities		13000
Bad debts written off		5000
Provision for diminution in value of investments		7000
Provision against non-performing loans		2500
Dividend income		5400
Other charges		4700

(PART-I MCQs) (COMPULSORY)

Q.1. Select the best option/answer and fill in the appropriate box on the Answer Sheet.

 $(1 \times 20=20)$

- (i) In a manufacturing company, the costs debited to the Work in Process Inventory account represent:
 - **a.** Direct materials used, direct labour, and manufacturing overhead.
 - **b.** Cost of finished goods manufactured.
 - c. Period costs and product costs.
 - d. None of these.
- (ii) The Work in Process Inventory account had a beginning account had a beginning balance of Rs. 4,200 on February 1. During February, the cost of direct materials used was Rs. 29,000 and direct labour cost applied to production was Rs. 3000. Overhead is applied at the rate of Rs. 20 per direct labour hour. During February, 180 direct labour hours were used in the production process. If the cost finished goods manufactured was Rs. 34,100, compute the balance in the Work in Process Inventory account at the *end* of February.
 - a. Rs. 9,900
 - **b.** Rs. 1,500
 - **c.** Rs. 2,100
 - **d.** Rs. 5,700
 - e. None of these
- (iii) The purpose of an overhead application is to:
 - **a.** Assign an appropriate portion of indirect manufacturing costs to each product manufactured.
 - **b.** Determine the type and amount of costs to be debited to the Manufacturing Overhead account.
 - c. Charge the Work in Process Inventory account with the appropriate amount of direct manufacturing costs.
 - **d.** Allocate manufacturing overhead to expense in production to the number of units manufactured during the period.
 - e. None of these
- (iv) If Gurgson, Inc uses a *job order* cost system, each of the following is true, EXCEPT:
 - **a.** Individual job cost sheets accumulate all manufacturing costs applicable to each job, and together constitute a subsidiary ledger for the Work in Process Inventory account.
 - **b.** Direct labour cost applicable to individual jobs is recorded when paid by a debit to Work in Process Inventory and a credit to Cash, as well as by entering the amount on the job cost sheets.
 - **c.** The amount of direct materials used in individual jobs is recorded by debiting the Work in Process Inventory account and crediting the Materials Inventory account, as well as by entering the amount used on job cost sheets.
 - **d.** The manufacturing overhead applied to each job is transferred from the Manufacturing Overhead account to the Work in Process Inventory account, as well as entered on the individual job cost sheets.
 - e. None of these
- (v) When a job cost system is in use, *underapplied* overhead:

- **a.** Represents the cost of manufacturing overhead that relates to unfinished jobs.
- b. Is indicated by a credit balance remaining at year-end in the Manufacturing Overhead account.
- c. Is closed out at year-end into the Cost of Goods Sold account if the amount is not material.
- **d.** Results when actual overhead costs incurred during a year are less than the amounts applied to individual jobs.
- e. None of these.

(vi)	Shabbir Manufacturing has operations that involve three processing departments: Assembly, Painting, and
	Packaging. Debits to the Work in Process Inventory: Painting Department account could involve a credit to any
	of the following, EXCEPT:

- a. Work in Process Inventory: Packaging Departmentb. Direct Labour
- c. Manufacturing Overhead
- d. Work in Process Inventory: Assembly Departmente. None of these
- (vii) When *actual* overhead costs incurred are charged to processing departments each month:
 - **a.** The cost of infrequent items, such as a major plant refurbishing, is spread uniformly over all units produced throughout the year
 - **b.** Under or overapplied overhead may occur, but it is treated in the same as when an overhead application rate is used.
 - **c.** It is no longer necessary to compute the equivalent final units of production for individual departments.
 - **d.** The monthly per-unit cost of producing a product will vary from fluctuations in the level of production when a significant portion of overhead cost is fixed.
 - e. None of these.

(viii) When a business is organized as corporation:

- **a.** Stockholders are liable for the debts of the business only in proportion to their percentage ownership of capital stock.
- **b.** Stockholders do not have to pay personal income taxes on dividends received, because the corporation is subject to income taxes on its earnings.
- **c.** Fluctuations in the market value of outstanding shares of capital stock do not affect the amount of stockholders' equity shown in the balance sheet.
- **d.** Each stockholder has the right to bind the corporation to contracts and to make other managerial decisions.
- e. None of these.
- (ix) Which of the following is NOT a characteristic of common stock of a large, publicly owned corporation?
 - **a.** The shares may be transferred from one investor to another without disrupting the continuity of business operations.
 - **b.** Voting rights in the election of the board of directors
 - c. A cumulative right to receive dividends
 - **d.** After issuance, the market value of the stock is unrelated to its par value.
 - e. None of these.
- (x) Tri-State Electric is a profitable utility company that has increased its dividend to common stockholders every year for 62 consecutive years. Which of the following is *least* likely to affect the market place of the company's *preferred* stock?
 - **a.** The company's earnings are expected to increase significantly over the next several years.
 - **b.** An increase in long-term interest rates
 - c. The annual dividend paid to preferred shareholders
 - d. Whether or not the preferred stock carries a conversion privilege.
 - e. None of these
- (xi) The primary purpose of showing special types of events separately in the income statement is to:
 - a. Increase earnings per share.
 - b. Assist users of the income statement in evaluating the profitability of normal, ongoing operations.
 - c. Minimize the income taxes paid on the results of ongoing operations

- d. Prevent unusual losses from recurring
- e. None of these
- (xii) Which of the following situations would NOT be presented in a separate section of the current year's income statement of Zeeshan Corporation? During the current year:
 - a. Zeeshan's Peshawar headquarters are destroyed by a flood.
 - **b.** Zeeshan sells its entire juvenile furniture operations and concentrates upon its remaining children's clothing segment.
 - c. Zeeshan changes from the straight-line method of depreciation to the double declining balance method
 - **d.** Zeeshan's accountant discovers that the entire price paid several years ago to purchase company offices in Islamabad had been charged to Land account; consequently, no depreciation has ever been taken on these buildings.
 - e. None of these

(xiii) When a corporation has outstanding both common and preferred stock:

- a. Primary and fully diluted earnings per share and reported only if the preferred stock is cumulative
- **b.** Earnings per share are reported for each type of stock outstanding.
- c. Earnings per share may be computed without regard to the amount of dividends declared on common stock
- d. Earnings per share may be computed without regard to the amount of the annual preferred dividends.
- e. None of these
- (xiv) The statement of retained earnings:
 - a. Need to be prepared if a separate statement of stockholder's equity accompanies the financial statements.
 - **b.** Indicates the amount of cash available for the payment of dividends
 - c. Includes prior period adjustments and cash dividends, but not stock dividends.
 - **d.** Shows revenues, expenses and dividends for the accounting period.
 - e. None of these
- (xv) On December 10, 2008, Star Corporation reacquired 2,000 of its own Rs 5 par stock at a price of Rs 60 per share. In 2009, 500 of the treasury shares are reissued at a price of Rs. 70 per share. Which of the following statements is correct?
 - **a.** The treasury stock purchased is recorded at cost and is shown in Star's December 31, 2008, balance sheet as an asset.
 - b. The two treasury stock transactions result in an overall reduction in Star's stockholder's equity of Rs. 85,000
 - c. Star recognizes a gain of Rs. 10 per share on the reissuance of the 500 treasury shares in 2009.
 - d. Star's stockholder's equity was increased by Rs. 110,000 when the treasury stock was acquired.
 - e. None of these
- (xvi) J.Q. Corporation was organized with authorization to issue 100,000 shares of Re. 1 par value common stock. Forty thousand shares were issued to Hassan Mir, the company's founder, at a price of Rs. 5 per share. No other shares have yet been issued.
 - **a.** J.Q. owns **40%** of the stockholder's equity of the corporation.
 - **b.** The corporation should recognize a Rs. 160,000 gain on the issuance of the shares.
 - c. If the balance sheet includes retained earnings of Rs. 50,000, total *paid-in* capital amounts to Rs. 250,000
 - **d.** In the balance sheet, the Additional Paid-in Capital account will have a Rs. 160,000 balance, regardless of the profits earned or losses incurred since the corporation was organized.
 - e. None of these

(xvii) Which ratio best measures a company's success in earning net income for its owners?

- a. Profit Margin
- **b.** Return on common stockholders' equity
- c. Price earnings ratiod. Dividend yield
- e. None of these

(xviii) Which of the following is true for an installment note requiring a series of equal total cash payments?

a. Payments consist of increasing interest and decreasing principal

- **b.** Payments consist of changing amounts of principal but constant interest
- c. Payments consist of decreasing interest and increasing principal
- d. None of these
 (xix) How does a stock dividend impact assets and retained earnings?

 a. Stock dividends does not transfer assets to stockholders
 b. Stock dividend requires an amount of contributed capital to be transferred to retained earning account
 c. Stock dividend does transfer assets to stockholders
 d. None of these

 (xx) Which of the following is least useful as a basis for comparison when analyzing ratios?

 a. Company results from a different economic setting
 b. Standards from past experience
 c. Rule of Thumb Standards
 d. Industry Wages
 e. None of these

NOTE:(i) PART-II is to be attempted on separate Answer Book.
 (ii) Attempt ONLY FOUR questions from PART-II, selecting ONE question from each SECTION except SECTION –C, where the choice is mentioned.
 (iii) Extra attempt of any question or any part of the attempted question will not be considered.

SECTION –A COST ACCOUNTING

Q. 2 The Balances in the perpetual inventory accounts of Sonny Manufacturing Co. at the beginning and end of the current year are as follows:

	End of Year	Beginning of Year
Inventory accounts:		
Materials	Rs. 25,800	Rs. 22,000
Work in Process	8,000	5,000
Finished goods inventory	24,000	38,000

The total amounts debited and credited during the year to the accounts used in recording manufacturing activities are summarized below:

Debit Entries	Credit Ent	tries
Rs. 410,000	Rs. 2)
189,000	192,	000
393,600	393,	600
?	?	
?	?	
unts of:		(10)
year, assuming that	overhead was app	olied as a
	<i>Rs. 410,000</i> 189,000 393,600 ? ?	Rs. 410,000 Rs. 2 189,000 192, 393,600 393, ? ? ? ?

6. Total manufacturing costs charged to the work in process inventory account during the year

7. The cost of finished goods manufactured

8. Cost of goods sold

b. Prepare a schedule of the cost of finished goods manufactured.

(10)

Q.3 Aladdin Electric manufactures several products, including an electric garage door opener called the Door Tender. Door Tenders are completely processed in one department and are then transferred to the finished goods warehouse. All manufacturing costs are applied to Door Tender units at a uniform rate throughout the production process. The following information is available for July:

Beginning inventory of work in process	Rs. 21,200
Manufacturing costs incurred in July:	
Direct Material used	56,100
Direct Labour	29,920
Manufacturing overhead applied	82,280
Total costs to be accounted for	Rs. 189,520

The beginning inventory consisted of 400 units which had been 60% completed during June. In addition to completing these units, the department started and completed another 1,500 units during July and started work on 300 more units which were 70% completed at July 31.

INSTRUCTIONS

- **a.** Compute the equivalent full units of production in July.
- b. Prepare journal entries to record (1) the manufacturing costs charged to the department during July and (2) the transfer of 1,900 completed units to the finished goods warehouse. (10)

SECTION – B

BUSINESS ORGANIZATION & FINANCE (20 MARKS)

- **Q.4.** Mario Valenti owns Valenti Ford, a successful automobile dealership. For 25 years, Valenti has operated the business as a sole proprietorship and has acted as both owner and manager. Now, he is 70 years old and is planning on retiring from active management. However, he wants the dealership to stay in the family; his long-term goal is to leave the business to his two children and five grandchildren. Valenti is wondering whether or not he should incorporate his business. If he were to reorganize Valenti Ford as a corporation, he could then leave an appropriate number of shares of stock to each of his heirs. Otherwise, he could leave the entire business to his heirs to be operated as a partnership. In selecting the appropriate form of business entity, Valenti has formulated the following objective:
 - 1. **Ownership:** Valenti wants each of his two children to own 25% of the business and each of his five grandchildren to own 10%.
 - 2. Continuity of existence: Valenti wants the business to continue indefinitely, even if one or more of the heirs should die or should no longer want to participate in ownership.
 - **3. Management:** When Valenti retires, he plans to give Joe Heinz, a long-time employee, responsibility for managing the business. Although, Valenti wants to keep the ownership of the
 - business in the family, he does not believe that any of his family members have the time and
 - experience to manage the business on a daily basis. In fact, Valenti believes that two of his
 - grandchildren simply have no "business sense," and he does not want them to participate in the management.
 - 4. **Income taxes:** Valenti wants to organize the business in a manner which will minimize the income taxes to be paid by his heirs. He expects that all the earnings of the business will normally be distributed to its owners on an annual basis.
 - 5. Owners' Liability: Valenti recognizes that an automobile dealership might become liable for vast amounts of money, if, improper repairs caused a customer's car to be involved in an accident. Although, the business carries insurance, he wants to be sure that his heirs' equity in the business

does not place their personal assets at risk in the event of business losses.

INSTRUCTIONS

- a. For each of the five numbered paragraphs above, explain how the choice of business organization (partnership or corporation) relates to Valenti's stated objective. (10)
- b. In light of your analysis in part a, above, would you recommend that Valenti reorganize Valenti Ford as a corporation, or leave the business unincorporated so that his heirs may operate it as a partnership?
- **Q.5.** The year-end balance sheet of LaserTech, Inc., includes the following stockholders' equity section (with certain details omitted):

Stockholders' equity: Rs. 8 cumulative preferred stock, Rs. 100 par value, callable at Rs. 103,200,000 Shares authorized *Rs.* 6,000,000 *Common stock, Rs. 2 par value, 5,000,000 shares authorized:* Issued Rs. 3,600,000 Subscribed 5,000,000 1,400,000 Additional paid-in capital: nal paid-in capital: Preferred Rs. 240,000 Retained Earnings 3,690,000 Total stockholders' equity Rs. 39,930,000

Assets of the corporation include *subscriptions receivable*, *Rs. 5,600,000*.

INSTRUCTIONS

On the Basis of this information, answer the following questions and show any necessary supporting computations. (20)

- **a.** How many shares of preferred stock have been issued?
- **b.** What is the total annual dividend requirement on the outstanding preferred stock?
- **c.** What was the average price per share received by the corporation for its common stock, including shares subscribed?
- **d.** What is the average amount per share that subscribers to common stock have yet to pay on their subscriptions?
- e. What is the total amount of legal capital, including shares subscribed?
- f. What is the total paid-in capital, including shares subscribed?
- g. What is the book value per share of common stock? (Assume no dividends in arrears.)
- **h.** Total dividends of Rs. 780,000 were declared on the preferred and common stock during the year, and the balance of retained earnings at the beginning of the year was Rs. 2,302,000. What was the amount of net income for the year?

SECTION – C <u>AUDITING</u>

	AUDI	IIIIG	
Q.6.	Define ANY TEN of the following:		$(2 \times 10 = 20)$
	1. Compliance Audit		
	2. Standard unqualified opinion		
	3. Public Company Accounting Oversight E	Board	
	4. Qualified Opinion		
	5. Adequate disclosure		
	6. Internal Control		
	7. Indirect financial interest		
	8. Joint closely held investment		
	9. Audit committee		
	10. Independence		
	11. Inspection		
	12. Direct financial Interest		
	13. Ethics Rulings		

14. Attest engagement 15. Integrated Audit

SECTION – D **INCOME TAX**

Q.7. ABC (Pvt) Ltd Company has filed Income Tax Return u/s 114 of Income Tax Ordinance 2001 for tax year 2010 showing taxable income at Rs. 500,000. Tax payable has been calculated @30% at Rs.150,000.Tax credit under section 147 has been claimed at Rs.10,000. During the course of Audit Income Tax Department discovers the following:-

- **a.** The Balance Sheet shows Cash loan from director amounting to Rs. 100,000.
- b. The tax payer has provided the proof of only Rs. 5000/ of tax credit claimed u/s 147.
- c. The donation of Rs. 50,000 has been made to an organization not covered by exemptions under the Second Schedule of Income Tax Ordinance 2001.

You are required to do the following:-

- 1. Identify the section of Income Tax Ordinance 2001 under which the department may take the (10)
- remedial measure to calculate the correct figure of taxable Income
- 2. Calculate the correct amount of Taxable Income and the tax payable.

Account for corporate income taxes: explain the effects of these taxes on before-tax profits and losses? **Q.8**.

	(e) None of these			
	(e) None of these			
(iii)	The balance in t	he owner's capital acco	ount of ABC Company at the b	eginning of the year was Rs.65,000. During
	the year, the co	mpany earned revenue	at Rs.430,000 and incurred ex	penses of Rs.360,000; the owner withdrew
	Rs. 50,000 in as	sets, and the balance o	f Cash account increased by R	s.10,000. At year-end, the company's net
	income and the	year-end balance in th	e owner's capital account wer	e, respectively:
	a) Rs.20,000 and Rs.	.95,000		
	b) Rs.70,000 and Rs.	.95,000		
	c) Rs.60,000 and Rs.	.75,000		

- (d) Rs.70,000 and Rs.85,000
- (e) None of these

Q) Use the following information in questions (iv) and (v). Accounts appearing in the trial balance of Eastside Plumbing at May 31 are listed below in alphabetical order:

Accounts payable	Rs.2,450	Equipment	Rs.16,200	
Accounts receivable	3,100	J.T. Golden, capital	11,000	
Accumulated Depreciation:		J.T. Golden, drawing	2,100	
Equipment	8,100	Other expenses	900	
Advertising expense	150	Service revenue	4,800	
Cash	2,900	Supplies expense	1,000	

No adjusting entry has yet been made to record depreciation expense of Rs. 270 for the month of May. (iv) The balance of XYZ Company capital account appearing in the May 31 balance sheet should be:

- (a) Rs. 11,650
- (b) Rs. 8,630
- (c) Rs. 11,380
- (d) None of these
- (v) In an *after-closing* trial balance prepared at May 31, the total of credit column will be:
 - (a) Rs. 26,620
 (b) Rs. 22,200
 (c) Rs. 13,830
 (d) None of these
- (vi) Before month-end adjustments are made, the January 31 trial balance of Hanan Excursions contains revenue of Rs. 9,300 and expenses of Rs. 5,780. Adjustments are necessary for following items:
 - Portion of prepaid rent applicable to January, Rs. 900
 - Depreciation for January, Rs. 480
 - Portion of fees collected in advance earned in January, Rs. 1,100
 - Fees earned in January not yet billed to customers, Rs. 650

Net Income	for Hanan	Excursions'	January	income statement is:	
(a) Rs. 3,520					

- (b) Rs. 5,690 (c) Rs. 2,590
- (d) None of these
- (vii) On December 31, Elite Property Management made an adjustment entry to record Rs. 300 management fees earned but not yet billed to Hayat's, a client. This entry was reversed on January 1. On January 15, Hayat's paid Elite Rs. 1,200, of which Rs. 900 was applicable to the period January 1 through January 15. The Journal Entry made by Elite to record receipt of the Rs. 1,200 on January 15 includes:
 - (a) A credit to Management Fees Earned of Rs. 1,200
 - (b) A credit to Accounts Receivable of Rs. 300
 - (c) A debit to Management Fees Earned of Rs. 300
 - (d) A credit to Management Fees Earned of Rs. 900.
 - (e) None of these
- (viii) Pisces Market presently has current assets totaling Rs. 300,000 and a current ratio of 2.5 to 1. Compute the current ratio immediately *after* Pisces pays Rs. 30,000 of its accounts payable
 - (a) 3 to 1
 - **(b)** 3.33 to 1
 - (c) 2.2 to 1
 - (d) 2.25 to 1
 - (e) None of these
- (ix) Ahsan Brothers, a retail store, purchased 100 television sets from Lucky Electronics on account at a cost of Rs.
 200 each. Lucky offers credit terms of 2/10, n/30. Ahsan Brothers determines that 10 of these television sets are defective and returns them to Lucky for full credit. In recording this return, Ahsan Brother will:
 - (a) Debit Sales Returns and Allowances
 - (b) Debit Accounts Payable, Rs. 1,960
 - (c) Debit Cost of Goods Sold, Rs. 1,960
 - (d) Credit Inventory, Rs. 2000(e) None of these
- (x) Which of the following is NOT an accurate statement?
 - (a) Expressing the various items in the income statement as a percentage of net sales illustrates the use of component percentages.
 - (b) An increase in the market price of bonds causes the yield rate to decline.

- (c) A high debt ratio is viewed favorably by long-term creditors as long as the number times interest earned is at least 1.
- (d) In measuring the Rupee or percentage change in quarterly sales or earnings, it is appropriate to compare the results of the current quarter with those of the same quarter in the preceding year.
- (e) None of these
- (xi) Which of the following actions will improve the "quality" of earnings, even though the total amount of earnings may not increase?
 - (a) Increasing the uncollectable accounts expense from 1% to 2% of net credit sales to reflect current conditions
 - (b) Switching from an accelerated method to the straight-line method for depreciating assets
 - (c) Changing from LIFO to the FIFO method of inventory valuation during a period of rising prices
 - (d) Lengthening the estimated useful lives of depreciable assets
 - (e) None of these

(xii) Ahmad Corporation's net income was Rs. 400,000 in 1993 and Rs.160,000 in 1994. What percentage increase in net income must Ahmad achieve in 1995 to offset the decline in profits in 1994?

(a) 60%			
(b) 150%			
(c) 600%			
(d) 67%			
(e) None of these			
e none of these			

- (xiii) Of the following situations, which would be considered the most favorable for the common stockholders?(a) The company stops paying dividends on its cumulative preferred stock, the price-earnings ratio of common stock
 - is low
 - (b) Equity ratio is high; return on assets exceeds the cost of borrowing
 - (c) Book value per share of common stock is substantially higher than market value per share; return on common stockholder's equity is less than the rate of interest paid to creditors
 - (d) Equity ratio is low; return on assets exceeds the cost of borrowing
 - (e) None of these

(xiv) During 1994, Bilal Corporation had sales of Rs. 4,000,000, all on credit. Accounts receivable averaged Rs. 400,000 and inventory levels averaged Rs. 250,000 throughout the year. If Bilal's gross profit rate during 1994 was 25% of net sales, which of the following statements are correct? (Assume 360 days in a year.)

- (a) Bilal "turns over" its accounts receivable more times per year than it turns over its average inventory.
- (b) Bilal collects the amount of its average accounts receivable in about 36 to 37 days.
- (c) Bilal's operating cycle is 66 days
- (d) The quality of Bilal's working capital would improve if the company could reduce its inventory and receivables turnover rates
- (e) All of these

(xv) On April 1, 1993, XYZ Construction paid Rs. 10,000 for equipment with an estimated useful life of 10 years and a residual value of Rs. 2000. The company uses the double-declining balance method of depreciation and applies the half-year convention to fractional periods. In **1994**, the amount of depreciation expense to be recognized on this equipment is:

	cri	5	cyun	
(a)	Rs.	1	,600	
(1-)	De	1	110	

- **(b)** Rs. 1,440
- (c) Rs. 1,280
- (d) None of these
- (xvi) Delta Company sold a plant asset that originally had cost Rs. 50,000 for Rs. 22,000 cash. If Delta correctly reports a Rs. 5000 gain on this sale, the *accumulated depreciation* on the asset at the date of sale must have been:

- (a) Rs. 33,000
- (b) Rs. 28,000
- (c) Rs. 23,000
- (d) None of these
- (xvii) In which of the following situations would Aashi Industries include goodwill in its balance sheet?
 - (a) The fair market value of Aashi's net identifiable assets amounts to Rs. 2,000,000. Normal earnings for this industry are 15% of net identifiable assets. Aashi's net income for the past five years has averaged Rs. 390,000.
 - (b) Aashi spent Rs. 800,000 during the current year for research and development for a new product which promises to generate substantial revenue for at least 10 years.
 - (c) Aashi acquired Star Electronics at a price in excess of the fair market value of Star's net identifiable assets.
 - (d) A buyer wishing to purchase Aashi's entire operation has offered a price in excess of the fair market value of Aashi's net identifiable assets.
 - (e) None of these

(xviii) When a partnership is formed,

- (a) A written partnership agreement, signed by all partners, must be filed in the state in which the partnership is formed.
- (b) Each partner may bind the business to contracts and may withdraw an unlimited amount of assets from the partnership, unless these rights are limited in the partnership contract.
- (c) Each members of the partnership is entitled to participate equally in the earnings of and management of the partnership, unless the partnership is a limited partnership.
- (d) The partnership must file an income tax return and pay income taxes on its net income.
- (e) None of these

(xix) Omar and Rizwan have capital account balances of Rs. 80,000 and Rs. 100,000, respectively, at the beginning of 1994. Their partnership agreement provides for interest on beginning capital account balances, 10%; salaries to Omar, Rs. 30,000, and to Rizwan, Rs. 24,000; residual profit or loss dividend 60% to Omar and 40% to Rizwan. Partnership net income for 1994 is Rs. 62,000. Neither partner made any additional investment in the partnership during 1992, but Omar withdrew Rs. 1,500 monthly and Rizwan withdrew Rs. 1,000 monthly throughout 1994. The partnership balance sheet at December 31, 1994, should include:

- (a) Capital, Omar, Rs. 94,000
- (b) Capital, Omar, Rs. 112,000
- (c) Capital, Rizwan, Rs. 30,000
- (d) Total partner's equity, Rs. 242,000
- (e) None of these
- (xx) When a partnership is liquidated:
 - (a) Any cash distribution to partners is allocated according to the profit and loss sharing ratios
 - (b) Cash distributed to each partner in an amount equal to his or her capital account balance prior to the sale of partnership assets.
 - (c) Any gain or loss on disposal of partnership assets is divided among the partners according to their relative capital account balances.
 - (d) A partner who maintained a credit balance in his or her capital account prior to liquidation may end up owing cash to the partnership if partnership assets are sold at a loss.
 - (e) None of these.

PART-II

- **NOTE:**(i) **PART-II** is to be attempted on separate Answer Book.
 - (ii) Attempt ONLY FIVE questions from PART-II. Question No. 2 is COMPULSORY. Select any TWO questions from each of the SECTIONS A and B.
 - (iii) Extra attempt of any question or any part of the attempted question will not be considered.

Q. 2) A trial balance and supplementary information needed for adjustments at September 30, 2004 are shown on the following page for Cinepax Stage & Theater. The company follows a policy of adjusting and closing its accounts at the *each of the month*. (20)

CINEPAX STAGE & THEATE	CR .	
Trial Balance		
September 30, 2004		
Cash	Rs. 17,500	
Prepaid film rental	65,000	
Land	75,000	
Building	210,000	
Accumulated Depreciation: building		. 6,125
Projection equipment	90,000	
Accumulated Depreciation: Projection equipment		7,500
Notes Payable	2	00,000
Accounts payable		8,500
Unearned admissions revenue		5,200
Ahmad Khan, capital	2	00,925
Ahmad Khan, drawing	10,500	m www.ctamoo.com
Admissions revenue	cost www.cootsoo.c	68,750
Salaries expenses	21,250	men service mo
Light and power expense	7,750	
		97,000
	COMPANY AND A REPORT OF	COLUMN STREET & S. S. MILLION COLUMN

- **a.** Rental expense for the month is Rs. 42,275, all of which had been paid in advance.
- **b.** The building is being depreciated over a period of 20 years (240 months).
- c. The protection equipment is being depreciated over a period of 5 years (60 months).
- **d.** No entry has yet been made to record interest payable accrued during September. At September 30, accrued interest totals Rs. 1,800.
- e. When tickets are sold to future performances, Cinepax credits its Unearned Admissions Revenue account. No entry has yet been made recording that Rs. 3,650 of these advance ticket sales were for performances given during September.
- f. Cinepax receives a percentage of the revenue earned by Variety Corp., the concessionaire operating the snack bar. For snack bar sales in September, Variety Corp., owes Cinepax Rs. 6,200, payable on October 10. No entry has yet been made to record this revenue. (Credit Concessions Revenue)
- **g.** Salaries earned by employees, but unpaid as of September 30, amount to Rs. 3,750. No entry has yet been made to record this liability and expense.

INSTRUCTIONS

Prepare:

- a. An income statement, a statement of changes in owner's equity, and a balance sheet.
- b. The adjusting and closing entries required at month's end.

SECTION – A

Q.3. Listed below are 12 technical accounting terms:

Accounting period Accrual basis of accounting Cash basis of accounting Closing entries Depreciation Expenses Income statement Matching Net income Realization Revenue Conservatism

Each of the following statements may (or may not) describe one of these technical terms. For each statement, indicate the accounting term described, or answer "None" if the statement does not correctly describe any of the terms.

- **a.** The span of time covered by an income statement.
- **b.** An increase in owner's equity as a result of earning revenue and incurring expenses.
- c. An accounting concept intended to avoid overstatement of financial strength or earnings.

(12)

- **d.** The generally accepted accounting principle used in determining when expenses should be offset against revenue.
- e. The generally accepted accounting principle used in determining when to recognize revenue.
- **f.** Recognizing revenue when it is earned and expenses when the related goods or services are used in the effort to obtain revenue.
- **g.** The systematic allocation of the cost of a long-lived asset, such as a building or equipment, to expense over the useful life of the asset.
- **h.** The procedures for transferring the balances of the revenue, expense, Income Summary, and owner drawing accounts into the owner's capital account.
- Q.4. Explain the double- entry system of accounting.

(12)

Q.5.When do accountants consider revenue to be realized? What basic question about recording revenue in
accounting records is answered by the *realization principle?*(12)

SECTION – B

- Q.6. The CDE partnership is being liquidated. After all liabilities have been paid and all assets sold, the balances of the partners' capital accounts are as follows: Ahmad, Rs. 42,000 credit balance; Jawad, Rs. 16,000 *debit* balance; Ali, Rs. 53,000 credit balance. The partners share profits and losses: Ahmad, 10%; Jawad, 60%; Ali, 30%.
 (18)
 - **a.** How should the available cash (the only remaining asset) be distributed if it is impossible to determine at this date whether Jawad will be able to pay Rs. 16,000 he owes to the firm? Draft the journal entry to record payment of all available cash at this time.
 - **b.** Draft the journal entries to record a subsequent partial payment of Rs. 13,000 to the firm by Jawad, and the distribution of this cash. Prepare a schedule (similar to the one prepared in part **a**) showing computation of amount to be distributed to each partner.
- Q.7. During the current year, East-West Airlines earned net income of Rs. 50 million from total revenue of Rs. 350 million. The company services primarily cities in Pakistan but also has service to several foreign countries. Three events are described below, along with the treatment accorded to these events in the company's financial statements. (18)
 This case focuses upon the question of "materiality". Therefore, some items described below may be viewed as

immaterial.

- a. During the year, the company purchased Rs. 5 million in spare parts to be used in aircraft maintenance. All of these purchases were charged immediately to Maintenance Expense. No adjusting entry was made at year-end to reflect approximately Rs. 50,000 in spare parts remaining on hand, because the amount was considered immaterial.
- b. The company's internal auditors discovered that the vice president of in-flight services had embezzled Rs.
 100,000 from the airlines by authorizing payments to a fictitious supplier of in-flight meals. The vice
- president was fired, and criminal charges currently are pending against her, as is a civil lawsuit to recover
- the embezzled funds. In the income statement, this Rs. 100,000 loss was deducted from revenue as part of
- the Flight Operations Expenses, which totaled more than Rs. 200 million. No special disclosures were made, because the amount of the embezzlement was considered immaterial.
- c. Shortly after year-end, the company suspended all flight operations to a particular foreign country as a
- result of political unrest. These flights provided approximately 2% of the company's revenue and net
- income during the current year. Cancellation of service to this country was not disclosed in notes to the
- current year's financial statements, because operations of the current year were not affected.

INSTRUCTIONS

Explain whether in your own judgment you concur or disagree with the treatment accorded to these events by East-West in its current financial statements. If you recommend a different financial statement presentation, explain why you do. In each case, indicate whether or not you consider the item "material", and explain your reasons. Consider each of these three situations *independently* of the others.

Q.8. At the end of the year, the following information was obtained from the accounting records of the Agility Office Products:

Sales (all on credit)		Rs. 2,700,000	www.czamio.com
Cost of goods sold		1,755,000	
Average Inventory		351,000	
Average accounts receivable		300,000	
Interest expense		45,000	
Income taxes		84,000	
Net income		159,000	
Average investment in assets		1,800,000	
Average stockholders' equity		795,000	
INSTRUCTIONS			
a. From the information given, compute the follow:	ing:		
1. Inventory Turnover			
2. Accounts receivable turnover			
3. Total operating expenses			
4. Gross profit percentage			
5. Return on average stockholders' equity			

- 6. Return on average assets
- b. Agility has an opportunity to obtain a long-term loan at an annual interest rate of 12% and could use this additional capital at the same rate of profitability as indicated above. Would obtaining the loan be desirable from the viewpoint of the stockholders? Explain. (18)
- **Q.9.** A tractor which cost Rs. 30,000 had an estimated useful life of 5 years and an estimated salvage value of Rs. 10,000. Straight-line depreciation was used. Give the entry (in general journal form) required by each of the following alternative assumptions:

(18)

- a. The tractor was sold for cash of Rs. 19,500 after 2 years' use.
- **b.** The tractor was traded in after 3 years on another tractor with a fair market value of Rs. 37,000. Trade-in allowance was Rs. 21,000. (Recorded any implied gain or loss.)
- c. The tractor was scrapped after 7 years' use. Since scrap dealers were unwilling to pay anything for the tractor, it was given to a scrap dealer for his services in removing it.

The accompanying income and expenditure account was the following:

Expenditure	Rs.	Income	Rs.
To salaries	35000	By entrance fee	300
To cost of medicine used	6700	By subscription	36100
To depreciation of equipment	600	By miscellaneous receipts	150
To miscellaneous expenses	1500	By profit on sale of furniture	200
To surplus	1900	By grant from government	8950
The section of the se	45700	The standard and stand	45700

Adjustments: The equipment stood at Rs.6000; subscription due and receivable totalled Rs.2500; whereas subscription already received for next year were Rs.700; closing stock of medicine Rs.1100. Prepare receipts and payments account for the year 2009.

Liabilities	Rs.	Assets	Rs
Share capital	200000	Fixed assets	550000
Reserve fund	150000	Stock in trade	250000
Bank overdraft	200000	Liquid assets	150000
Sundry creditors	400000		
TRACTOR AND A STREET OF A DOMAIN	950000	NWW.CLIDDOLCOM WWW.CLI	950000

Bank overdraft is a permanent arrangement made with the bank. Calculate current ratio; quick ratio; debt-equity ratio; fixed assets ratio; and proprietary ratio.

Q.5. Ahmad and Bilal carry on business in partnership, sharing profits and losses in the proportion of 2/3 and 1/3 respectively. The Balance Sheet at 31st December, 2006 was as follows:

Ahmad's Capital 15,000		
Bilal's Capital 10,000		
Creditors 2,000		
Bank Overdraft 15,000		
Total 42,000		
Plant and Machinery 4,000		
Stock 22,000		
Debtors 15,000		
Cash 1,000		
Total42,000		

They agreed to admit Saeed into partnership and give him 1/4 share in the profits on the following terms:

(1) Saeed should bring Rs.3,000 for Goodwill and Rs.20,000 as Capital.

(2) The plant and machinery to be reduced by 10 percent, and a provision to be created for bad debts to the extent of Rs.440. The stock to be taken at a valuation of Rs.25,000.

(3) The Capital Accounts of Ahmad & Bilal be adjusted on the basis of their profit sharing ratio.

No account of Goodwill is to be opened in the books of the firm.

Required: Make Journal Entries to record the above transactions. Also prepare the Partners' Capital Accounts and Opening Balance Sheet of the new Firm.

PART – II (MCQS) COMPULSORY QUESTION

Q.6. Write only the correct answer in the Answer Book. Do not reproduce the question.

(1) Which of the following best describes the nature of	an asset?		
(a) Something with a ready market value(b) An economic resource, which will provide some fut	ure benefits owned by a bus	inaca	
(c) The amount of the owner's investment in a business		111055.

FEDERAL PUBLIC SERVICE COMMISSION COMPETITIVE EXAMINATION FOR RECRUITMENT TO POSTS IN BPS – 17 UNDER THE FEDERAL GOVERNMENT, 2007.

ACCOUNTANCY & AUDITING PAPER - II

NOTE: (i) Attempt FIVE questions in all including question No. 8 which is compulsory. All questions carry EQUAL marks.

(ii) Extra attempt of any question or any part of the attempted question will not be considered	
(iii) Candidate must draw two straight lines (====================================	
question attempted in Answer Books	

PART – A (Cost Accounting)

Q.1. Explain Classifications of Cost under the following headings:

(i) Direct and Indirect costs

(ii) Fixed and variable costs

(iii) Product cost and period costs

(iv) Controllable and Non controllable costs

Q.2. Hamza Manufacturing Company collects its cost data by the job order cost accumulation procedure. For job No 0010, for customer Hunzala Ltd; the following data is available:

Direct Material Cost ------ Direct Labour Cost Jan 06 Issued Rs.2,000 ------ 11 Jan, 150 hours @ 12 per hour Jan 10 Issued Rs.1,500 ------ 20 Jan, 200 hours @ 11 per hour Jan 18 Issued Rs.1,000

Factory overhead is applied @ 5 per direct labour hour. Hunzala Ltd. placed the order for 1,000 units on Jan 05, 2007.

The Hamza Manufacturing Company started the work on job No 0010 on Jan 06, 2007 and job was completed on Jan 20, 2007 (one day before the date wanted by the customer). The sale price of the job was contracted with a mark up of 20% of cost.

Required: Prepare a Job Order Cost Sheet assuming that Selling and Administrative Expenses are 15% on Sales.

PART – B (Auditing)

Q.3. What is an "Audit Program?" What are the contents of "Audit Program?" Discuss its advantages, disadvantages and how its disadvantages be curtailed?

Q.4. Discuss in detail the rights and duties of an auditor of a Public Ltd. Company with reference to Companies Ordinance 1984.

FEDERAL PUBLIC SERVICE COMMISSION COMPETITIVE EXAMINATION FOR RECRUITMENT TO POSTS IN BPS – 17 UNDER THE FEDERAL GOVERNMENT, 2006

ACCOUNTANCY & AUDITING PAPER - II

PART – A: (COST ACCOUNTING)

Q1. Explain the rationale supporting cost Accounting. How will it contribute to the efficient allocation of resources? Illustrate your answer.

Q2. Pervaiz Products Company uses a standard Cost System. For the year ended March 31 the company results may be summarized as under:

Particulars Standard Actual		
Production (in units)		
Material price per pound		
Material quantity		
Direct Labour hours		
Direct Labour Cost per hour		
Factory overhead:		
(Variable expenses) 490.000		
(Fixed expenses) 210.000		
700,00		
Actual overhead 140,000		
Rs. 60,00		
280,000Ibs		
7,000		
Rs. 22,50		
700,000 143,000		
Rs.62,50 290,000Ibs		
6,900		
Rs.22,00		

Rs.716,500

There is no inventory of work-in-process at the beginning or at end of the above fiscal year.

Required:

Prepare a statement showing analysis of variances.
 Compute actual and standard cost per unit of product.

PART – B (AUDITING)

Q3. State major contents of Annual Audit Report of a listed Public limited company under the Companies Ordinance, 1984.

	umongst the following (b) Internal Control				
		PART – C: (INC	OME TAX)		
Q5. Define the foll (a) Amalgamation (c) Depreciable (d)		been used in the Inco	me Tax Ordinance, 20	001:	
Q6 . The following Particulars Rs	particulars in respect	of Mohammad Ali fo	or the year ended on J	une 30, 2005 are avail	able:
	www.csilmoo.com				
(3) Profit on his 1/.(4) Director's fee	th 7 let out @ Rs. 3000 p 3rd share from a tailon ed from companies lis	ring shop (AOP)	ge in Pakistan		
36,000					
33,600					
21,000 9,600					
He is a sleeping pa	rtner in the above AC)P			
Required:					
Compute taxable in	ncome				
	PART – D: (B	BUSINESS ORGA	NIZATION & FIN	ANCE)	
O7 . Present a lució	analysis of operation	al of a joint Stock Co	ompany.		
Q8 . Explain major	role of financial insti	tutions. Are there any	limitations in respec	t of their impact?	
		5			

COMPULSORY QUESTION

Q9. Present your answer in the following format. Overwritten answers will carry no marks. One marks is for correct answer and one mark is for rationale:

S. No True/False Rationale

(1) Every limited company is legally required to get their account audited by a practicing Chartered Accountant.

(True/False)	www.cramba.com	and a construction	www.errinoo.com

## FEDERAL PUBLIC SERVICE COMMISSION

WWW.

#### COMPETITIVE EXAMINATION FOR RECRUITMENT TO POSTS IN BPS-17 UNDER THE FEDERAL GOVERNMENT, 2001.

#### ACCOUNTANCY AND AUDITING PAPER-1

### TIME ALLOWED: THREE HOURS

NOTE:

## MAXIMUM MARKS: 100

 Attempt FOUR questions in all, including QUESTION #1 and 6 which are compulsory. Question #1 carries 40 Marks and all others carry 20 marks each."

The following trial balance is extracted from the books of a merchant on December 31, 2000:

Particulars	Debit	Credit	www.examon.com	
("artacutara	Rs.	Rs.		
Familure fatings	6,400			
Motor Vehicles	62,500			
Buildings	75,000			
Capital account		125,000		
Bad debts	1,250			
Provision for bad debts		2,000		
Sundry debters and creditors	38,000	25,000		
Stock on January 1, 2000	34,600			
Purchases and sales	\$4,750	154,500		
Bank overdraft		28,500		
Sales and purchases returns	2,000	1,250		
Advortising	4,500			
Mark up (on overdraft)	1,180			
Commission		3,750		
Cash	6,500	and the second second		
Taxes and insurance	12,500			
General expenses	7,820			
Salaries	33,000			
		*******		
	340.000	340,000		

The following adjustments are to be made: Stock in hand on December 31, 2000 was Rs. 32,000 (a) Depreciate building at the rate of 5% Furniture & fittings @ 10% and motor (b) Vehicles @ 20% Rs. 850 is due for mark-up on bank overdraft (c) (d) Solaries Rs. 3,000 and taxes Rs. 1,200 are outstanding (e) Insurance amounting to Rs.1000 is prepaid (1) One third commission received in respect of the work to be done next year (g) Write off a further sum of Rs. 1000 as bad debt and provision for bad debts to be made equal to 10% on Sundry debtors Required: Prepare a Trading and Profit & loss account for the year ended December 31, 2000 and balance sheet as on that dute. What is the journal entry for treatment of surplus arising out of revaluation of (a) fixed assets? # EGDERAL PUBLIC SERVICE COMMISSION

# COMPETITIVE EXAMINATION FOR RECRUITMENT TO POSTS IN PBS-17, UNDER THE FEDERAL GOVERNMENT, 2003

# ACCOUNTANCY AND AUDITING, PAPER-II

#### TIME ALLOWED: THREE HOURS NOTES:

(i)

2

MAXIMUM MARKS: 100 Attempt FIVE questions in all, including QUESTION NO.9 which is COMPULSORY.

1211

Select at least ONE QUESTION from each of the (ii) PARTS A, B, C AND D.

All questions carry EQUAL marks. (iii)

## PART "A" (COST ACCOUNTING)

"Cost Accounting is considered as a tool of management." Explain various aspects of the above statement and explain dimensions as to how cost accounting can serve as tool of management.

The following standards have been established for the operation of the X Company; Standards;

Materials: Quantity per unit 2 1/2 yards price per yard Rs.17.

Labour: Time per Unit 3.6 hours. Hourly rate Rs.18.40.

Overhead: Fixed charge Rs.24,000 per month.

Variable Rate Rs.15.00 per unit.

Production for the month 40,000 units.

Actual Reports for the month of April.

Production 41,200 Units.

Material used 10,510 yards at average of Rs.17.40.

Labour 15,276 hours at average of Rs.18.80.

Overhead - variable: Rs.66,750.

REQUIRED:

Prepare a statement showing actual and standard costs and amounts of variances. Use the two-variance method for overhead,

#### PART "B" (AUDITING)

Differentiate between "Internal Control" and "Internal Audit". Suggest ten point Internal Control System for Inventories.

Present a lucid analysis of Liabilities of an Auditor. Cite case law wherever relevant.

#### PART "C" (INCOME TAX)

Present salient features of law governing "Income from Business" under the current income tax of Pakistan.

The following information relating to Miss Y is available relating to year ended on 30-6-2003:

Pa	rticulars	Rs.	
1.	Salary	240,000	
2.	Bonus Received	60,000	
3.	Conveyance allowance received	7,600	
4.	Leave enchashment	80,000	
5.	Dividend Received	70,000	
6.	Income from Prize Bonds	100,000	

#### REQUIRED:

Compute Taxable Amount for assessment year 2003 - 2004.

ACCOUNTANCY AND AUDITING, PAPER-II
------------------------------------

## PART "D" (BUSINESS ORGANIZATION AND FINANCE)

Currently several Business Combinations are taking place. These are through
several methods including Mergers and Acquisitions:
BEOLINED.

REQUIRED:

- (a) List steps involved in Business Combinations.
- (b) Explain five benefits of business combinations.

Explain the formulas governing the following ratios to be calculated in a large manufacturing Company:

- (i) Times Interest (Mark up) carned.
  - Note: State minimum acceptable standard.
- (2) Debt Servicing Ratio.
- (3) Liquid Ratio.
  - Note: Suggest the minimum acceptable ratio.
- (4) Debt Equit Ratio.
  - Note: Suggest a fair ratio in a capital intentive company project.
